SESSION DESCRIPTION:

The main objective of this special session is to bring researchers and academicians together on the advanced and high data rate communication technologies and their latest developments, latest research in electromagnetic fields and radio frequency as well as microwave transmission, antenna designing concepts and their optimization. This session will definitely set a huge platform for all those researchers who want to pursue their work in any of these fields.

RECOMMENDED TOPICS:

Topics to be discussed in this special session include (but are not limited to) the following:

- **Wireless Communication, Mobile Communication, Satellite Communication, Optical Fiber Communication, Multimedia Communication, Wave Propagation in Different Mediums, Electromagnetic Fields, Antenna Designing, RF and Microwave Transmission, Antenna Optimization etc.**

SUBMISSION PROCEDURE:

Researchers and practitioners are invited to submit papers for this special theme session on **[Recent Innovations in Communications and Electromagnetics]** *on or before [15 December 2019]*. All submissions must be original and may not be under review by another publication. INTERESTED AUTHORS SHOULD CONSULT THE CONFERENCE'S GUIDELINES FOR MANUSCRIPT SUBMISSIONS at http://icicc-conf.com/paper_submission.html. All submitted papers will be reviewed on a double-blind, peer review basis.

NOTE: While submitting paper in this special session, please specify **[Recent Innovations in Communications and Electromagnetics]** at the top (above paper title) of the first page of your paper.
