

ICICC-2022
**5th International Conference on Innovative Computing and
Communication**

Organized by ShaheedSukhdev College of Business Studies, New Delhi, India
On 19-20 February 2022.

******* CALL FOR PAPERS *******

SPECIAL SESSION ON

Computational Intelligence and Artificial Intelligence Techniques for Smart Devices

SESSION ORGANIZERS:

Dr. Uzzal Sharma,
Department of Computer Applications,
Assam Don Bosco University, Guwahati, India,
e-mail: druzzalsharma@gmail.com

SESSION DESCRIPTION:

In the present time, each device, whether it is mobile or computer or any other device, has become smart. As a result the challenges are emerging even more and more intensely. The efficiency and functionality of the devices has increased many folds. Many researches are going on to make these devices even more sophisticated. Starting from the basic functionality to the security associated with these devices are of serious concern. The session will basically focus on the recent advancement that takes place in terms of research in the area of developing of efficient algorithms, fine-tuning of existing algorithms and developing of up-to-date systems to ensure security for safe use of the device.

RECOMMENDED TOPICS:

Topics to be discussed in this special session include (but are not limited to) the following:

- **Machine learning and statistical methods**
- **Artificial Intelligence**
- **Web Intelligence**
- **Cognitive Approaches**
- **Fuzzy Systems**
- **IoT**
- **Cloud Computing**
- **Big Data Analytics**
- **Speech and Signal Processing**
- **Green Computing and Technology**

- **Software Engineering and Related Issues**
- **Deep Learning**
- **Computer Networks**
- **Data Mining**
- **Bio-informatics**
- **Image processing**
- **Computer Security and Cyber forensic**
- **Spoken dialogue system**
- **Soft Computing**
- **Natural Language Processing**

SUBMISSION PROCEDURE:

Researchers and practitioners are invited to submit papers for this special theme session on “**Computational Intelligence and Artificial Intelligence Techniques for Smart Devices**” *on or before 15th October 2021*. All submissions must be original and may not be under review by another publication. INTERESTED AUTHORS SHOULD CONSULT THE CONFERENCE’S GUIDELINES FOR MANUSCRIPT SUBMISSIONS.

All submitted papers will be reviewed on a double-blind, peer review basis.

NOTE: While submitting paper in this special session, please specify “**Computational Intelligence and Artificial Intelligence Techniques for Smart Devices**” at the top (above paper title) of the first page of your paper.

All inquires should be should be directed to the attention of:
Dr.Uzzal sharma
