ABOUT ICICC

International Conference on Innovative Computing and Communication (ICICC-2022) is organized with the objective of bringing together innovative scientists, professors, research scholars, students and industrial experts in the field of Computing and Communication to a common forum. The primary goal of the conference is to promote the exchange of innovative scientific information between researchers, developers, engineers, students, and practitioners. Another goal is to promote the transformation of fundamental research into institutional and industrialized research and to convert applied exploration into real time application. This conference will try to take the research to the new level with the motive of applying research into the development of startups and industry-based applications. It will also bridge the gap between industry/ Start-up requirements and research-based activities that further will give a new direction to the research happening in and around the world. Overall the conference will provide the researchers and attendees with prospects for national and international collaboration and networking among universities and institutions from India and abroad for promoting research. ICICC- 2022 will be held at Shaheed Sukhdev College of Business Studies, University of Delhi, New Delhi on 19-20th February, 2022. All the accepted papers (after double blinded peer review) are published by Springer LNNS series (SCOPUS, INSPEC, WTI Frankfurt eG, zbMATH, SCImago; All books published in this series are submitted for consideration in Web of Science) and extended selected papers will be published in the special issues of SCI/SCOPUS/WoS/DBLP/ACM indexed Journals.

Highlights:

- Accepted papers will be published in Reputed Scopus Indexed Springer LNNS Series.
- Best paper award in each track.
- Opportunity to publish extended paper in reputed SCIE/Scopus indexed journals.
- Opportunity to listen the reputed invited international & national speakers and panel discussions on latest research areas.
- Easily accessible well-connected conference venue.
- Opportunity to be the part of parallel international workshops by industrial experts and eminent international and national researchers.
- Emerging as the best conference to attract quality papers of reputed researchers.
- Last year it received papers of around 3600 authors from 29 different countries.
- Conference is maintaining acceptance ratio of 23%.

Previous Conferences:

First International Conference on Innovative Computing and Communication (ICICC-2018) was organized at Guru Nanak Institute of Management, New Delhi, India on 5-6th May 2018. ICICC-2018 received 468 papers from approximately 1872 authors and a total of 92 papers were accepted with an acceptance ratio of 19%. All accepted papers were published in Springer's Lecture Notes on Networks and Systems, an scopus indexed series. A total of 462 participants attended the conference including authors, keynotes, delegates, academicians, and industry experts. ICICC-2018 received papers from 20 countries and got lot of recommendations from the science community for the organization and the quality of papers.

Second version of International Conference in innovative Computing and Communication (ICICC-2019) was organized at VSB-Technical University of Ostrava, Czech Republic, Europe on 21-22nd March 2019 with a pre-conference symposium at New Delhi, India on 16th March 2019. ICICC-2019 received 552 papers from approximately 2208 authors and a total of 125 papers were accepted with an acceptance ratio of 22%. All accepted papers were published in Springer's Advances in Intelligent Systems and Computing, an scopus indexed series. A total of 524 participants attended the conference and pre-conference symposium including authors, keynotes, delegates, academicians, and industry experts. ICICC-2019 received papers from 25 countries.

Congratulation!
For very Successful International
Conference on Innovative
Computing and Communication

I would like to congratulate my Indian friend's Professors Siddhartha, Deepak, Ashish and Pan as well as my dearset brother Nilanjan Dey for their successful in the organization of the international conf ICICC2018 published by Springe, and really I miss all of you and may the next one will join all of you in my lovely country (India).
Wish all of you more success and continue our success collaboration

ABOUT ICICC

Previous Conferences:

Third version of International Conference in innovative Computing and Communication (ICICC-2020) was organized at Shaheed Sukhdev College of Business Studies in association with National Institute of Technology Patna and University of Valladolid, Spain on 21-23 February 2020 at New Delhi, India. ICICC-2020 received 803 papers from approximately 3212 authors and a total of 196 papers were accepted with an acceptance ratio of 24%. All accepted papers were published in Springer's Advances in Intelligent Systems and Computing, an Scopus indexed series. A total of 544 participants attended the conference including authors, keynote delegates, academicians, and industry experts. ICICC-2020 received papers from 29 countries.

ICICC-2020

Previous Conferences:

Fourth version of International Conference in innovative Computing and Communication (ICICC-2021) was organized at Shaheed Sukhdev College of Business Studies in association with National Institute of Technology Patna and University of Valladolid, Spain on 20-21 February 2021 at New Delhi, India. ICICC-2021 received 900 papers from approximately 3600 authors and a total of 210 papers were accepted with an acceptance ratio of 23%. All accepted papers were published in Springer's Advances in Intelligent Systems and Computing, an Scopus indexed series. A total of 590 participants attended the conference including authors, keynote delegates, academicians, and industry experts. ICICC-2021 received papers from 28 countries. Due to unexpected COVID-19, ICICC-2021 was organized in virtual mode.

AUDIENCE

The Conference attracts delegates from worldwide and was typically attended by more than 400 participants in 2018, more than 500 in 2019, more than 800 in 2020 and more than 900 in 2021 from the technical, academicians, and industry communities.

The ICICC 2022 Conference is supported by many international research labs like Universal Inovators (India), SRGE (Egypt), SETIT (Tunisia), which collectively consists of more than 6,500 researchers, and government agencies like Ministry of Electronics and Information Technology and Digital India.

The majority of attendees are key technical personnel who are responsible for doing quality research; related to innovative computing, innovative communication network and security, Internet of Things, and Social sciences with computer applications.

Attendees also include participants from:

- Research and educational institutions
- Government departments
- Industrial experts
- Research Groups
- Startups (Not more than 5 years old)
- Entrepreneurs
- Research scholars
- Undergraduate and graduate students
